

Picture composition **(Pollution)- ENGLISH VI**

Picture composition develops the skill of observation in kids and enhances their ability to analyze a given picture. The students of class VI took keen interest in this activity and performed it very well. The idea was to stimulate their thoughts and to enhance their speaking skills.

Poem Recitation **(Nature)- ENGLISH VI**

Recitation is very important for kids as it is a beautiful and effective way which facilitates the children to express. A POEM RECITATION ACTIVITY on the theme NATURE was organized for classes V and VI. Students recited different poems with expressive gestures and impressive voice modulation.
