

Creative Masters (Clay Modelling Competition)

L.KG (Intra Class) 16-09-2020

An intra class 'Clay Modelling' competition was conducted for L.KG on 16-09-2020. The tiny tots enthusiastically participated in it and made their own beautiful 3-dimensional clay models on the topic 'fruits & vegetables' and displayed them with pride. The objective of the competition was to develop their imagination and creativity. It also enhanced their eye-hand co-ordination, colour recognition and fine motor skills.
